

Jinko
2006 All In Solar 2026 Solar For All

The Power to Innovate the World

Jinko 2026 Global Tech Day

Catch the latest highlights and announcements from JinkoSolar's CTO and chief engineers. Their keynotes will explore the latest advancements across the technology stack—from enhanced TOPCon and next-generation, scenario-specific TAC to AI foundation models for PV, solar-plus-storage agentic systems, Quantum Computing, and AI-enabled high-throughput R&D. Together, these innovations are helping shape the future direction of the solar industry.

Shanghai & Haining, China, 16-19 October 2026

Arrival and Check-In

- Guests from around the world arrive in Shanghai

Accommodations:

InterContinental Shanghai Hongqiao NECC

Address:

Address: Gate 3, No. 1700 Zhuguang Road,
Qingpu District, Shanghai, 201702.

Airport Transfers:

Complimentary shuttle service is available from Shanghai
Pudong International Airport, with departures every hour.

Exclusive Hotel Services:

Dedicated staff available in Pudong Airport and hotel
reception for inquiries and assistance

Opening Plenary

- Chairman's Address

David Lee
Chairman, JinkoSolar

- CEO Keynote

*New Vision & New Strategy: Restructuring
JinkoSolar's Growth Logic*

Charlie Cao
CEO, JinkoSolar

- CTO Keynote

*Navigating the R&D Landscape and Future
Roadmap*

Dr. Hao Jin
CTO, JinkoSolar

- TAC: Powering the Next Wave
of Innovation

Dr. Xinyu Zhang
R&D Vice President, JinkoSolar

- Tiger Neo 5.0: The Next-Generation
Rooftop Flagship

Wally Zang
Technical Service
General Manager, JinkoSolar

- Storage Intelligence, Engineered
for Value

Carl Yang
Global Product
General Manager, Jinko ESS

Networking Lunch

Technology and Innovation Workshop

The workshop will provide insights into the latest and upcoming PV technologies, PV applications, and market trends, with perspectives from global decision-makers across industry, customers, research, and finance.

- Session 1:**
Next-Gen PV & Storage Solutions
- Session 2:**
Strategic Research and Innovation Session
- Session 3:**
Computing-Power Synergy and Electricity
Market Optimization

Session 1:
Next-Gen PV & Storage
Solutions

13:00 - 13:20

- A New Paradigm in Silicon Photovoltaics
Dr. Weiyuan Duan
Senior Researcher of Cell R&D, JinkoSolar

13:20 - 13:40

- Tiger Neo 5.0: JinkoSolar's First Specialized Elite Product
Enzo Li
Senior Manager of PV solution, JinkoSolar

13:40 - 14:00

- PV+ESS Solution: Sunny 365
Jason Zhao
Manager of ESS Solution, Jinko ESS

Session 2:
Strategic Research
and Innovation Session

14:00 - 14:20

- State-of-the-Art in PV: Emerging Technologies, Advanced Materials, and Device Performance Landscape
Dr. Menglei Xu
Senior Researcher of Cell R&D, JinkoSolar

14:20 - 14:45

- Unlocking the Next Wave of Solar PV Innovation: From Tandem Cells to Intelligent, Application-Driven Solar Technologies
Dr. Xiaojing Hao
Fellow of the Australian Academy of Science and Engineering, Professor at UNSW

14:45 - 15:05

- Space Solar: Opportunities and Challenges
Xiaobo Wang
Technical Expert, Shanghai Oriental TianSuan Technology Co., Ltd.

15:05 - 15:25

- Advanced Computing Shaping Next-Gen PV & Storage — Quantum Computing Advancing Materials, Manufacturing, and Energy Systems
Zhenghao Fang
Founder&CEO, Taiyi Quantum Science & Technology Co., Ltd.

15:25 - 15:45

- Application of Wafer Traceability Technology and Intelligent AI Large Models in the PV Industry
Zhao Wang
Senior Engineer of Cells R&D, JinkoSolar

Session 3:
Computing-Power
Synergy and Electricity
Market Optimization

15:45 - 16:00

- Masdar RTC Project: World's First Giga-scale 24/7 Renewable Energy Project
TBD

16:00 - 16:15

- Core Competitiveness of the Computing-Electricity Synergy Business from the Perspective of Renewable Energy Enterprises
Shuai Li
Vice President of Business Operations, Jinko Power

16:15 - 16:30

- Insights from Global Power Markets: Implications for Solar PV and Energy Storage
Dr. Yufei Su
Director, Head of APAC Power Modelling and Analytics, S&P Global

16:30 - 18:00

Transfer:
Hotel-Gala Dinner

18:00 - 21:00

Gala Dinner at
GONGYAN Oriental Art
--The Imperial Banquet

Address:
No. 531, Zhongshan East 2nd Road,
Huangpu District, Shanghai, China.

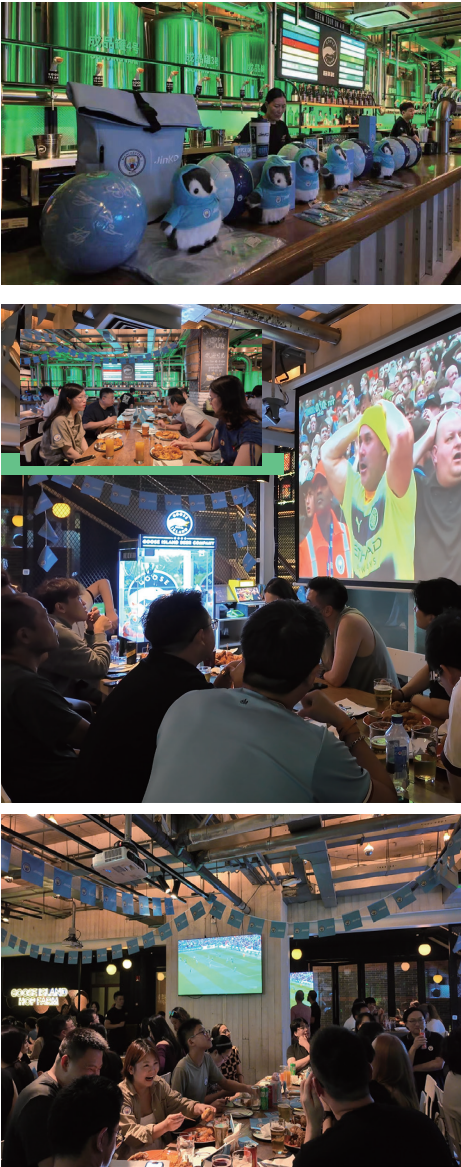

22:00 - 23:30

Game Watch Party
Manchester City vs
Ipswich Town

**First-Floor Bar,
InterContinental Shanghai Hongqiao NECC**

Address:
Gate 3, No. 1700 Zhuguang Road, Qingpu
District, Shanghai, 201702

Day 3: Sunday, 18 October

10:00 – 12:00

Shanghai – Haining

12:00 – 13:00

Lunch

13:00 – 15:30

Factory Tour: PV Factory,
ESS Factory, R&D Center

15:30 – 17:30

Haining – Shanghai

18:30 - 20:30

Buffet Dinner Cruise on the
Huangpu River, Shanghai

(Note: This buffet dinner cruise is optional)

Day 4: Monday, 19 October

Check Out & Departure
